

Poultry Housing Brochure

POULTRY HOUSING

At Electric Fencing Direct we supply a range of sensibly priced, handmade and robust poultry housing.

All Houses and Ark Henhouses have the following features built in as standard:

- quality timber which is FSC approved (www.fsc.org) and environmentally friendly
- fully tanalised and treated to protect them from decay (gives a lifespan of 15-20 years)
- galvanized fittings (hinges, screws, mesh, nails) which don't rust
- large access doors for ease of use
- easy clean floors for good hygiene
- external and accessible nest boxes

Built with the above noted range of practical features in mind our Arks and Henhouses come flat packed with easy to follow, step by step instructions. We also provide full support and guidance to ensure you are up and running in no time at all.

Our main Housing range for poultry covers two popular designs: the Swiss Chalet Henhouse design and the Ark Henhouse design.

Oh yes, and delivery on all our smaller houses is FREE!!

SWISS CHALET HENHOUSE DESIGNS

The special roof pitch and dimensions of the Swiss Chalet Henhouse range make them an attractive addition to the garden, orchard or field. The unique roof pitch not only helps them withstand the strongest of winds but also provides space for an upper perch level to maintain the 'pecking order' of the birds in the house.

Suitable for all variety of birds the Swiss Chalet Henhouse range is a strong favorite amongst customers and will provide your birds with high comfort levels and you with good value!

All the houses in the range have the following features as standard;

- Attractive design for both urban and rural customers
- Strong tanalised timber construction (lasting up to 20 years)
- Excellent through flow ventilation for healthy stock
- Removable external nest boxes
- Easy clean floors.
- Access door with large pop-hole

Whether you keep 2 or 50 birds there is a Swiss Chalet Henhouse to meet your needs. For larger Houses please just call or email us.

ARK HENHOUSE DESIGNS

Our range of Ark Henhouses are beautifully crafted and are ideal for both the urban and rural environment. The Ark Henhouses are suitable for most birds, bar the very largest, and provide strong, safe and secure accommodation with a view!

All Ark Henhouses come complete with a galvanised welded mesh chicken run and are the ideal housing solution for those with either a small numbers of birds, broody hens or birds that need isolation/hospital accommodation. The housing area is about 1/3rd of the length of the complete Ark Henhouse.

All our Ark Henhouses feature:

- Attractive design for both urban and rural customers
- Strong tantalised timber construction (lasting up to 20 years)
- Draft board at end of run to shelter chicks
- Removable house and run doors
- High quality and strong galvanised welded mesh panels
- Easy to move with non-protruding handles
- Designed to resist vermin

Whether you keep 2 or 50 birds there is an Ark Henhouse to meet your needs. For larger Ark Henhouses please just call or email us.
